TOIORA

Toiora will be presented differently this year. We have decided that we will be putting together a video presentation of Toiora, with all of our tamariki presenting their art work and their kanikani in a video. We have a video production team that will be led by Koka Lani and Matua Tuhiwai. This team will film each pou on locations throughout the kura, they will edit their footage putting it together for presentation to each whānau. It will be challenging but we want our tamariki to be able to reflect on the mahi they have completed this term. It is our aim to have this presentation ready for whānau before the end of the term.
