Bus register - Children who catch the bus can get off at different stops, but are not allowed to change buses. Please let the office know if they will not be catching the bus on the day, so we are not holding up the buses trying to look for them. Healthy School Lunches Programme

We are really excited to let you know that our school will be joining the free lunch programme. We've seen what a difference serving hot kai Monday to Wednesday has made - academically and socially. So we're happy that something along these lines can continue. It is our hope that this scheme will ensure all our tamariki and taiohi enjoy a healthy lunch and that the increased workload on kaimahi to prepare, serve and clean up after kai will be alleviated.

The lunches will be available for all our students. They will not be compulsory, and you can continue to provide your child's own lunch if you wish. Whānau, it is likely we will not offer hoko kai when this scheme is up and running.

Right now, we are working with the Ministry of Education on the best way to meet the needs of our kura. The programme will probably start in Term 2 of next year and run until the end of 2021. Together with the Ministry of Education, we will evaluate and monitor the programme during this time. This will include feedback from schools, students and suppliers about what the lunches are like, how they are delivered, and if they have an impact on students' learning and achievement.

This information will help to decide whether to continue beyond 2021, and what an ongoing programme might look like. You can find out more about the programme at:
